Profile

I'm an 18-year-old self-taught Front-End Web Developer passionate about building responsive and modern web applications. Since starting in September 2025, I've earned multiple certifications and developed five projects, demonstrating strong self-discipline and a fast learning pace. My GitHub shows consistent progress and steady growth in project complexity. I'm eager to contribute to real-world projects, continue learning through hands-on experience, and grow into a valuable, reliable developer.
